Dear Mr. Bacon,

You will find enclosed the exam material as required by NUREG 1021, "Operator Licensing Examination Standards for Power Reactors", Revision 9, supplement 1. All exam materials **MUST** be withheld from public disclosure until after the examinations are complete.

Enclosed you will find the printed paperwork and/or electronic copies listed below for the upcoming examination scheduled to start the week of October 6, 2014 at Farley Nuclear Plant.

- ES-201-2, Examination Outline Quality Checklist
- ES-201-3, Exam Security Agreement
- ES-301-1, Administrative Topics Outline RO
- ES-301-1, Administrative Topics Outline SRO
- ES-301-2, Control Room/In-Plant Systems Outline
- ES-301-2, Control Room/In-Plant Systems Outline with explanation
- ES-301-3, Operating Test Quality Checklist
- ES-301-4, Simulator Scenario Quality Checklist
- ES-301-5, Transient and Event Checklist
- ES-301-6, Competencies Checklist
- ES-D-1, Outline Submittal, forms for Six (6) Simulator exams
- ES-301-1 and ES-301-2 for the past two NRC exams
- ES-401-4, Record of Rejected K/As

Also included with this submittal is the 10 question sample allowed per NUREG-1021, ES-201, C.2.c. There are 4 RO and 6 SRO questions that we found to be challenging to write to and wanted a preliminary review to ensure early identification and correction of exam development concerns.

In addition to the above printed material, there is one CD-R provided that includes an electronic version of the above listed materials and the current reference disk (plant specific procedures). All of this is provided to ensure complete and proper documentation for the upcoming examination.

If you have any questions, please contact Billy Thornton, Stan Jackson or Aaron Forsha at 334-814-4758.

Sincerely,

Billy Thornton
