Randy,

There are no RAIs for Human Health. For socioeconomics, I forward an email from the reviewer to Lynne which stated that all the information that you provided in response to the socioeconomics audit needs he wants docketed, as well as responses to some follow-up questions which were in the email.

For non-rad waste the follow items from the audit needs list may be RAIs: WM-NR-1, 2, 3, 5, 7

Leslie

Hi Leslie,

During the environmental audit, for most of the discipline areas we were provided with a list of expected RAIs at the end

of the breakout session. However, we did not receive that information for Human Health, Socioeconomics and Waste Management-Non Rad.

I would appreciate it if you could provide a list of expected RAIs for these areas.

Thank you,
