Randy/Lynne,

Kevin Folk would to participate in the REMP tour with Bill. Please see the Kevin's email below.

Thanks,

Leslie

Leslie:

Please add me to Thursday's REMP tour with Bill. Although not listed in the notes, I (we) would also like the tour to include selected REMP/groundwater protection program monitoring locations. I will be Bill Ford's backup on groundwater so we wanted to lay eyes on some of those wells. Thanks.

Kevin

All,

Attached is the revised schedule for the Fermi Audit. The DTE made couple of changes to schedule. Please let me know if you have any questions or concerns that I need to pass on to the applicant. If there are no questions or concerns then the attached will be the schedule for the audit.

Thanks,

Leslie

Hi Leslie,

Here is the latest and greatest schedule for the environmental audit. This includes the changes you gave to Lynne and one other item. We moved the radiation protection, radwaste, mixed waste breakout session from

Thursday to Wednesday so it occurs immediately after the tour from 1100 to 1200. Please let me know when this looks final, then we will send out calendar invites to all our people. Regards.
