RE: Amendment to NRC License No. 21-01549-02 MidMichigan Medical Center

Dear Sir/Madam:

We would like to amend our current NRC license to reflect the following change:

Item #1: Please add **Larry N. Langrill, M.S.** as an AMP for Iridium-192 in a High Dose Rate Afterloader for calibrations, spot-checks, and training; and cobalt-60 in a Leksell Gamma Knife Perfexion Stereotactic Radiosurgery Unit for Calibrations, spot checks and training.

Additional Information: Larry N. Langrill was previously listed as an AMP on our license (21-01549-02, Amendment 71). It should also be noted that our license is currently under the renewal process (Control No. 585653).

Thank you in advance for your help in processing this amendment. If you have any questions or require additional information, please feel free to contact me (989) 839-1407.

Sincerely,
