**FOIA/PA REQUEST**

**Case No:**

2015-0213

**Date Rec'd:**

4/3/15

**Specialist:**

Chidichimo

**Request Code:**

2015-0136

Without waiving our pursuit of the other information we requested, perhaps we could limit the request for the moment to our FOIA request 3 and 4 which basically seeks to get the communications between the NEI and NRC regarding revisions to NEI 03-01, "Personnel Access Requirements for Nuclear Power Plants." It would seem that since all of this would involve communications with NEI, which is a non-governmental trade association, no security or confidentiality issues are implicated and, therefore, no significant security review would be necessitated. Those two FOIA requests are as follows:

3. All communications and documents shared between representatives of NEI and the NRC regarding revisions to NEI 03-01, "Personnel Access Requirements for Nuclear Power Plants," addressing review of access authorization decisions. For your reference, attached hereto is a letter dated January 22, 2015 from the NEI to the NRC referencing NEI's work with NRC staff on such revisions.
4. Any other communication or notes of meetings or phone calls from, to or between representatives of NEI and the NRC regarding the Seventh Circuit decision, rule-making, revisions to NEI 03-01, and actions to address concerns about third party review of access authorization decisions.
