Amy,
AREVA has posted additional documentation in our Electronic Reading Room to support the NRC staff's confirmatory review. These 2 calculations are associated with the NRC SSI Audit from January 28-30, 2013 and the Section 3.7 Audit held March 26—28, 2013. We have placed the documents listed below in our Electronic Reading Room in a folder labeled "RAIs 370, 547".

Document List

Document Number	Title
32-7011200-000	Equivalent Static Hydrodynamic Loads for Essential Service Water Building
32-7012130-002	US EPR SSI Analysis of the EPGB Using Direct Method

You should have the website information and Username and Password. These will be in the Electronic Reading Room through May 30th.

Thanks,
Dennis
