Subject: NRC's Regulatory Activities

Mr. Youpee,

I participated in the teleconference call with you and Jennifer Davis of NRC yesterday. As we discussed, I am the Chief of the Intergovernmental Liaison Branch at NRC, and my staff and I assist the NRC in many of its government-to-government communications, meetings, and consultations with Tribal Nations.

I've been speaking with many here at NRC working on issues similar to Jennifer's efforts. Accordingly, staff, including Jennifer, Alan Bjornsen, Nick Orlando, Nate Goodman, and others with whom I know you are familiar, have requested we assist them.

Our role will be one in which we assist staff here in developing approaches to better communicate with you and other Tribes with interest in these technical, environmental, and cultural issues. I encourage you to contact me as you feel comfortable, with any questions and concerns about NRC's processes and outreach to you. Please, continue to contact and speak with those individuals you regularly do. However, if you wish to further communicate issues of concern, I am available and look forward to your contacting me.

We are in the process of investigating funding options for travel which we discussed yesterday. It was nice speaking with you, and I'm sure we'll talk soon.

Sincerely,

Richard Turtill, Chief
Intergovernmental Liaison Branch
Office of Federal and State Materials and Environmental Management Programs
U.S. Nuclear Regulatory Commission
