AMENDMENT, CONTROL NO. 586218

Dear Dr. Griffith:

This refers to your license amendment request dated February 25, 2015. Enclosed with this letter is the amended license naming Scott K. Brinkerhoff as Radiation Safety Officer. In addition, as requested, your license has been placed into a "storage only standby" status until June 30, 2015. Please note that you must amend your license prior to resuming use of your sources for medical purposes. If you have not decided to resume operations by that time, you will need to decommission and terminate the license, or request an alternative schedule for decommissioning.

Please review the enclosed document carefully and be sure that you understand and fully implement all the conditions incorporated into the amended license. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region I Office, Licensing Assistance Team, (610) 337-5239, so that we can provide appropriate corrections and answers.

An environmental assessment for this action is not required, since this action is categorically excluded under 10 CFR 51.22(c)(14).

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Med, Ind, & Academic Uses**; then **Licensee Toolkits**, see our **toolkit index page**.
