**SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE**

Dear Mr. Dell:

In the NRC Form 314, "Certificate of Disposition of Materials" dated April 7, 2015, the U.S. Nuclear Regulatory Commission was contacted and it was indicated that you wished to terminate your NRC radioactive material license. The NRC staff has reviewed your final status surveys and based on its review, the staff has concluded that there was no leakage of radioactive materials and all licensable radioactive material has been transferred to your Illinois License IL-01828-01 or other authorized recipients. Based on these conclusions no further actions with respect to NRC regulated material is required and NRC license number 12-26781-01 is hereby terminated.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9887

Sincerely,
