Docket Nos. 50-269, -270, -287
Re-issue of Oconee Nuclear Station (ONS) Technical
Specifications and Bases

The ONS Technical Specifications and Bases are being re-issued due to a change in appearance and repagination. This is necessitated due Duke's conversion of these documents from WordPerfect to MS Word, which is the standard word processing software for Duke Energy. The change in appearance is due to changing fonts. Repagination is partly due to the change in font and partly due to the change in word processing software. There were no other changes made to these documents.

Enclosed is a copy of the Oconee Technical Specifications and Bases. If there are any questions regarding this submittal, please contact Larry Nicholson at 864-885-3292.

Very truly yours,

W. R. McCollum, Jr., Site Vice President
