April 22, 2015

Christopher K. Fitz, Radiation Safety Officer
St. Vincent Healthcare
P.O. Box 35200
Billings, MT 59107-5200

SUBJECT: ACKNOWLEDGEMENT LETTER OF EMAIL DATED JANUARY 20, 2015 OF
DR. CHRISTENSON'S TRAINING RECORD 12-19-14

Dear Mr. Fitz:

We acknowledge receipt of the above subject. Please note that in accordance with your May 13, 2014, amendment request to add Y-90 microspheres (both SIR-Spheres® & Theraspheres®) and with the letter from Dr. Matthew Gipson confirming Dr. Brian Christenson's active participation and experience in both SIR-Spheres® and Theraspheres® cases, you no longer have to submit any additional documentation of completion of training for Dr. Christenson because it appears he has the required training and experience needed and he is listed as an authorized user for 35.1000 Y-90 TheraSphere® and SIR-Sphere® uses. Please correct me immediately if your understanding is different.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Thank you for your cooperation.

Sincerely,

A handwritten signature in black ink that reads "Jacqueline D. Cook".

Jacqueline D. Cook, Senior Health Physicist
Nuclear Materials Safety Branch B
