---

We no longer own that gauge. I have attached the letter of transfer showing that. If you need anything else please let me know. Thanks.

**Subject:** RE: License Renewal

I am processing your license renewal request and noted that you also possessed one Troxler Model 3241C, but you did not include this in your application. Please provide a written response to clarify what happened to this gauge. Please refer to Control No. 586410. Thank you

**Subject:** RE: License Renewal

Thank you for your response. The application is still not complete. Please review the application item 10.8 (Maintenance). The routine maintenance part also needs to be completed. You should resend the entire application after completing that item. The rest of the application is good. Thank you
