Dear Ms. Henderson:

Enclosed is a copy of proposed revisions to the Tennessee "State Regulations for Protection Against Radiation" (SRPAR). The proposed regulations are identified by red-line / strike-out text and correspond to the following equivalent amendments to NRC's regulations:

<u>Rats ID</u>	<u>Title</u>	<u>State Section</u>
• 2012-4	Requirements for Distribution of Byproduct Material	0400-20-10-.04, .10, .11, .13, .33, .38

We believe that adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.

If you have any questions, please feel free to contact me at 615-532-0364 or Ruben Crosslin of my staff at 615-532-0424 or Ruben.Crosslin@tn.gov.

Sincerely,

Debra Shults, Director
