Cathy Haney, Director
Office of Nuclear Material Safety and Safeguards
US Nuclear Regulatory Commission
Washington, DC 20555-0001

Dear Ms. Haney,

This letter is to acknowledge our acceptance of the corrected copy of your letter dated March 23 of this year concerning the protection of classified information for the General Electric-Hitachi Uranium Enrichment Facility. Our office and assigns will adhere to the April 9, 2015 revision of the document titled "Guidance for Regulating Boiler and Pressure Vessel Systems Relating to Uranium Enrichment Activities at the General Electric-Hitachi Global Laser Enrichment Facilities in Wilmington, North Carolina". Thank you for your prompt response to our request for revision.

Sincerely,

Phillip M. Hooper
