Mr. Wolf,

By letter dated March 27, 2015 (ADAMS Accession Number ML15090A160), Honeywell Inc. (Honeywell) provided a letter in support of its use of the self-guarantee financial test to demonstrate financial assurance for NRC review and verification. 10 CFR Part 30, Appendix C, provides the relevant regulatory criteria relating to the use of financial tests and self-guarantee for providing reasonable assurance of funds for decommissioning.

As part of the screening process, the NRC staff has completed the review of the information that Honeywell submitted on March 27, 2015, and found the information acceptable for detailed review. During this review, we will notify you if any additional information, or clarification of existing information, is needed. The staff efforts associated with this review will be charged to Technical Assignment Control (TAC) number L34316. Please reference this TAC number in all correspondence related to this action.

Based on our preliminary review and projection of current review schedules, we anticipate completing our review of your request by August 2015. This date could change depending on the findings of our technical/administrative review, urgent assignments, or other factors. We will promptly communicate any significant changes to this schedule.
