SUBJECT: PUBLIC MEETING SUMMARY - LICENSEE PERFORMANCE REVIEW FOR  
AMERICAN CENTRIFUGE LEAD CASCADE FACILITY, DOCKET NUMBER  
70-7003

Dear Mr. Lewis:

This letter refers to our meeting at the Ohio State University Endeavor Center in Piketon, Ohio on April 21, 2015, during which we discussed the Nuclear Regulatory Commission's (NRC's) evaluation of your performance in the four major areas of safety operations, radiological controls, facility support, and licensing activities. The meeting afforded you the opportunity to provide feedback to the NRC regarding your perception of the NRC performance review. The meeting was beneficial and provided the NRC with an acceptable level of confidence of your continued safe and secure operation of the site.

The meeting also afforded the members of the public the opportunity to ask questions and provide feedback to the NRC regarding our inspection program for American Centrifuge Lead Cascade (Lead Cascade). The list of meeting attendees is enclosed. The meeting slide presentations are available under accession numbers ML15124A709 (for NRC's slides) and ML15124A708 (for Lead Cascade) in ADAMS.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice and Procedure," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Should you have any questions concerning this letter, please contact me at 404-997-4628 or James.Hickey@nrc.gov.

Sincerely,

**/RA/**
