PROCEEDINGS

CHAIRMAN DICUS: Good morning ladies and gentlemen. This is an affirmation session and we have one item to come before us this morning. Before I ask the Secretary to lead us through the item for affirmation, do any of my colleagues have any opening comments that they would like to make?

COMMISSIONER MERRIFIELD: No.

CHAIRMAN DICUS: Okay. Then, Madam Secretary, you may proceed.

MS. VIETTI-COOK: The Commission is being asked to act on a Memorandum and Order responding to Local 29's petition in the case of FirstEnergy Nuclear Operating Company, et al. (Beaver Valley Power Station, Units 1 and 2). Local 29 seeks (1) waiver of the time limit for submitting comments, (2) a request that FirstEnergy demonstrate its ability to operate Beaver Valley safely despite the layoffs, and (3) such hearings or other proceedings as may be necessary to ensure the safe operation of the facility if the application is granted. The Commission has voted to approve a Memorandum and Order which treats Local 29's request in an administrative rather than an adjudicatory context, waives the deadline and refers the supplemental comments to the staff with instructions to consider expeditiously whether they call into question the FirstEnergy's ability to operate the plant safely. Regarding the request for "hearing or other proceedings," the order rules that the staff's review is sufficient to, in Local 29's words, "ensure the safe operation of Beaver Valley" and that Local 29 has not shown what would be gained from holding a parallel adjudication. Would you

please affirm your vote?

CHAIRMAN DICUS: Aye.

COMMISSIONER MCGAFFIGAN: Aye.

COMMISSIONER MERRIFIELD: Aye.

CHAIRMAN DICUS: Is there anything else to come before us today

Madam Secretary?

MS. VIETTI-COOK: No.

CHAIRMAN DICUS: All right, therefore we stand adjourned.

[Whereupon, at 11:35 a.m., the affirmation session was adjourned.]
