Docket No. 52-046  
MKD/NW-15-0016L

**Subject: Submittal of the APR1400 Action Item Tracking List**

The purpose of this letter is to transmit the KHNP's proprietary APR1400 Action Item Tracking List. This list is being provided to the NRC as a courtesy to facilitate coordination and communications associated with the NRC APR1400 Design Certification Application (DCA) review. The Action Item Tracking List is considered proprietary in its entirety therefore a non-proprietary version will not be provided.

KHNP will provide periodic updates to the list to reflect the most current status of the APR1400 activities on a frequency of not less than monthly.

Enclosure 1 contains a copy of the associated affidavit supporting the proprietary determination of the Action Item Tracking List and a proprietary copy of the Action Item Tracking list. This attached affidavit covers this submittal and subsequent updates of this submittal during the NRC review period for the APR1400 DCA.

If you have any questions on the attached or would like to discuss the content, please contact Yunho Kim, Director of KHNP Washington DC Center at [yunho.kim@khnp.co.kr](mailto:yunho.kim@khnp.co.kr) or 703-388-0592.

Sincerely,

Myung-Ki Kim

Enclosures:

1. Affidavit KAW-15-0016
2. APR1400 Action Item Tracking List (Proprietary)

**Enclosure 1**  
**Affidavit KAW-15-0016**

I, Jae-yong Lee, state the following:

1. I am the General Manager of Korea Hydro & Nuclear Power Co., Ltd. (KHNP), and as such I am authorized to request withholding the information transmitted with this letter from public disclosure and to execute this affidavit.
2. I am familiar with the criteria applied by KHNP to determine whether certain information is proprietary, and with the policies established by KHNP to ensure the proper application of these criteria.
3. The information, the APR1400 DCA Action Item Tracking List, transmitted with this letter has been classified by KHNP as proprietary in accordance with the policies for the control and protection of proprietary and confidential information. The nature of the information claimed to be proprietary is the basis for proposing that the information so identified be withheld from public disclosure.
4. Pursuant to the considerations set forth in 10 CFR Section 2.390(a), KHNP considers the information classified as proprietary to be “trade secret” information since it is information that if used by a competitor would reduce the competitor’s expenditure of resources, or improve its competitive position in the licensing of a similar product.
5. The need for designating the information as proprietary has been raised within KHNP. The information is being treated proprietary and confidential and has not been disclosed by KHNP to the public.
6. Nondisclosure of the proprietary information transmitted with this letter is vital to the competitiveness held by KHNP and, hence, disclosure of the proprietary information transmitted in with this letter would have negative commercial impacts on the competitive position of KHNP in the U.S. nuclear market.
7. In accordance with KHNP policy, proprietary information contained in this document may be, or may have been, made available on a limited and periodic basis to regulatory bodies, customers, potential customers, and their agents, suppliers, and licensees, and others under suitable agreements providing for nondisclosure and limited use of the information. All

subsequent versions of the attached information shall also be considered proprietary under the conditions stated within.

I declare that the foregoing statements are true and correct to the best of my knowledge, information and belief.

Executed on May 18, 2015.

  
Jae-yong Lee
