Subject: FPL

Gentle(wo)men,

I have no doubt that you will consider FPL's application carefully and can only hope that you come to the same conclusion as myself and countless others who feel that the building of two new reactors would be folly and ultimately harmful to all living things here in South Florida. The damage done to our water supply, our parks and most importantly, the Everglades is immeasurable.

Please cast your vote to decline this application,

Thank you.
