**Subject:** Objections To Turkey Point Expansion

To whom it may concern,

I am against the expansion of the Turkey Point nuclear power plant.

Even one foot of sea-level rise will inundate the area surrounding Turkey Point and turn the power plant into a remote island. A difference of two feet of sea-level rise will dramatically affect the height of future storm surges. It is a bad place to build a nuclear plant as it is too close to the water as was Fukushima.

Please let me know your thoughts and register my complaint.

Best regards,
