NUCLEAR REGULATORY COMMISSION**
WASHINGTON, D.C. 20555-0001

May 22, 2015

MEMORANDUM TO: Hipolito Gonzalez, Branch Chief
Materials Safety Licensing Branch
Division of Materials Safety, State, Tribal
and Rulemaking Programs
Office of Nuclear Materials Safety
and Safeguards

FROM: Maria Arribas-Colon, Project Manager **/RA/**
Materials Safety Licensing Branch
Division of Materials Safety, State, Tribal
and Rulemaking Programs
Office of Nuclear Materials Safety
and Safeguards

SUBJECT: SUMMARY OF THE PUBLIC MEETING BETWEEN ELEKTA AND THE
U.S NUCLEAR REGULATORY COMMISSION

On May 13, 2015, the NRC staff and representatives of Elekta, Inc. a Georgia based company, held a meeting to discuss the requirements for physical presence during Leksell Gamma Knife treatments. The specific objective of the meeting was to discuss Elekta's interest in removing the requirements for physical presence during treatments with this device.

The representatives of Elekta, Inc. presented an overview of the Leksell Gamma Knife design, treatment procedure, safety comparison with other systems, and a guidance change recommendation. After the presentation, the NRC staff discussed the NRC's regulatory requirements for physical presence during Leksell Gamma Knife treatments. The representatives from Elekta, Inc. stated that they would perform a more in-depth study on physical presence requirements in other countries.
