Dear FPL sirs:

Please think about the future of your and our families and every living creature. We don't need another threat around us. We all deserve to live in peace and to be safe. What you need is to switch to solar power, please!!!. Not everything in this world is just about money, or getting it by making horrendous and greedy choices which will affect all of us. Please make a difference in this world, doing the right thing!!! I know YOU CAN. Thanks.
