

June 15, 2015

Mr. Michael Bruhn, Executive Secretary  
United States Department of Defense  
1000 Defense Pentagon  
Washington, DC 20301

SUBJECT: REQUEST TO CREATE A DEPARTMENT OF DEFENSE/U.S. NUCLEAR  
REGULATORY COMMISSION MEMORANDUM OF AGREEMENT

Dear Mr. Bruhn:

This letter is to request the creation of a Memorandum of Agreement between the Department of Defense and the U.S. Nuclear Regulatory Commission (NRC) in order to formalize procedures for the NRC to transmit requests from the domestic nuclear industry for military assistance, specifically helicopter support, in the event of an incident affecting a nuclear power plant in the United States. This support would be used to transport safety equipment and personnel from a local staging area to a nuclear power plant in the event that land transportation is not possible.

Representatives from the NRC and nuclear industry previously met with the Deputy Assistant Secretary of Defense for Homeland Defense Integration and Defense Support of Civil Authorities and members of his staff who expressed support for this initiative.

My staff point of contact for this effort is: Mr. John Vanden Berghe, Senior Emergency Response Coordinator. Mr. Vanden Berghe can be reached at [john.vandenbergh@nrc.gov](mailto:john.vandenbergh@nrc.gov) or (301) 287-3600.

Sincerely,

/RA/

Robert J. Lewis, Director  
Division of Preparedness and Response  
Office of Nuclear Security and Incident Response

cc: James C. Ross  
Defense Support of Civil Authorities
