

**UNITED STATES  
NUCLEAR REGULATORY COMMISSION**  
WASHINGTON, D.C. 20555-0001

June 18, 2015

Ms. Jennifer T. Opila, MPA, Manager  
Radiation Control Program  
Colorado Department of Public Health  
and Environment  
4300 Cherry Creek Drive South  
Denver, CO 80246-1530

Dear Ms. Opila:

We have reviewed the proposed and final revisions to the Colorado Rules and Regulations Pertaining to Radiation Control, Part 4, titled Standards for Protection Against Radiation received by our office on May 12, 2015. These regulations were reviewed by comparison to the equivalent U.S. Nuclear Regulatory Commission (NRC) rules and the requirements of the one amendment and one provision identified in the enclosed State Regulation Status (SRS) Data Sheet. We discussed our review of the regulations with Mr. James Jarvis on June 16, 2015.

As a result of our review, we have no comments. Please note that we have limited our review to regulations required for compatibility and/or health and safety. We have determined that the regulations, as proposed, meet the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200, "Compatibility Categories and Health and Safety Identification for NRC Regulations and Other Program Elements." We request that when the proposed regulations are adopted and published as final regulations, a copy of the "as published" regulations be provided to us for review. As requested in NMSS Procedure SA-201, "Review of State Regulatory Requirements," please highlight any final changes and provide a copy to Division of Material, Safety, State, Tribal, and Rulemaking Programs, NMSS.

The SRS Data Sheet summarizes our knowledge of the status of other Colorado regulations, as indicated. Please let us know if you note any inaccuracies, or have any comments on the information contained in the SRS Data Sheet. This letter, including the SRS Data Sheet, is posted on the NMSS Web site: <http://nrc-stp.ornl.gov/rulemaking.html>.

J. Oplia
