This is to inform you that the Exelon Generation Company, LLC (EGC) LaSalle County Station Unit 2 Post-Outage 90-Day (ISI) Summary Report, which is required to be submitted in accordance with 10 CFR 50.55a, "Codes and Standards," and the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code Section XI, Article IWA-6200, Paragraph IWA-6230, will not be submitted by the 90-day due date. Refueling outage L2R15 ended on February 27, 2015, making the report due on May 28, 2015.

LaSalle County Station expects that these forms will be processed and a complete summary report will be submitted to you by June 29, 2015. This issue has been entered into the corrective action program.
