Good morning, Jean,

We currently have 38 casks stored in the PI ISFSI.

Thanks,

Sam Chesnutt

Subject: Number of Casks stored in the ISFSI

Good morning,

Another question has come up during the final comb through of the EA. It occurred to us that there may have been more casks added to the ISFSI since we last updated our number. I think our last reference e-mail had a total of 35. If this number has changed would you please send us an email that updates this number. If you need more clarification on the question please feel free to call (301-415-0867) or email at your convenience.

Thank you, Jean
