

June 29, 2015

Mr. James Gresham
Westinghouse Electric Company
1000 Westinghouse Drive
CWHQ-3 Suite 310
Cranberry Township, PA 16066

SUBJECT: REQUEST FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE
OF WESTINGHOUSE ELECTRIC COMPANY PRESENTATION ENTITLED
"PHASE 0 FOLLOWUP MEETING: UPDATES TO THE COMMON
Q PLATFORM" (WESTINGHOUSE NO. LTR-NRC- 15-31)

Dear Mr. Gresham:

By letter dated June 1, 2015 (Agencywide Documents Access and Management System Accession Package No. ML15154B169), Westinghouse Electric Company (Westinghouse) submitted an affidavit executed by you on June 1, 2015. The affidavit requested that the information contained in the Westinghouse presentation, entitled "Phase 0 Followup Meeting: Update of the Advanced Logic System," be withheld from public disclosure under Title 10 of the *Code of Federal Regulations* (10 CFR) 2.390, "Hearing Requests, Petitions To Intervene, Requirements for Standing, and Conditions."

The affidavit provides the reasons for requesting withholding of the presentation.

The U.S. Nuclear Regulatory Commission (NRC) staff has reviewed your application and the material in accordance with the requirements of 10 CFR 2.390, and on the basis of the statements in the affidavit, has determined that the submitted information sought to be withheld contains proprietary commercial information and should be withheld from public disclosure. Therefore, the version(s) of the submitted information marked as proprietary will be withheld from public disclosure under 10 CFR 2.390(b)(5) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding from public inspection shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, the NRC staff may send copies of this information to its consultants working in this area. The agency will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future such that the information could then be made available for public inspection, you should promptly notify the NRC.

J. Gresham

You also should understand that the NRC staff may have cause to review this determination in the future, for example, if the scope of a Freedom of Information Act request includes your information. In all review situations, if the NRC staff makes a determination adverse to the above, you will be notified in advance of any public disclosure.

If you have any questions regarding this matter, I may be reached at 301-415-7297.

Sincerely,

/RA/

Joseph J. Holonich, Senior Project Manager
Licensing Processes Branch
Division of Policy and Rulemaking
Office of Nuclear Reactor Regulation
