Mike,

Please see the attached copy of the Draft Safety Evaluation (SE) for the subject License Amendment Request (LAR) to revise the completion date of Milestone 8 of the Cyber Security Plan Implementation schedule. The LAR was submitted by NextEra Energy Point Beach, LLC (NextEra)(the licensee) on July 18, 2014 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML14202A574). Enclosure 1 of this submittal contains security-related information to be withheld under 10CFR 2.390. The subject application was supplemented by a letter dated November 7, 2014 (ADAMS Accession No. ML14314A188), which provided Enclosure 4 to the LAR (redacted version of Enclosure 1), that can be made available to public. The NRC staff does not consider all the information in Enclosure 1 to be security-related and therefore some of this information from Enclosure 1 is likely to be included in the final staff SE, which will be publically available. Please review the Draft SE and confirm by e-mail that you agree with the NRC staff's determination and none of the information contained in the attached Draft SE is security-related information.

Thanks,

Mahesh Chawla
