Subject: Site-Specific Precipitation Input and Output Files for Monticello and Prairie Island Nuclear Generating Plants

Per our previous telephone discussions, enclosed are three (3) copies of a CD containing the final site-specific precipitation calculations and input and output files for the Monticello and Prairie Island nuclear generating plants. Data file folders 1 through 4 contain input files to the site-specific precipitation calculations and data file folder 7 contains the output files. Please contact me at 612.330.5641 if you have any questions or need any additional information.
