**THE STATE OF VERMONT’S NOTICE OF APPEAL OF
ATOMIC SAFETY AND LICENSING BOARD’S
May 18, 2015 MEMORANDUM AND ORDER DENYING
PETITION FOR LEAVE TO INTERVENE AND HEARING REQUEST**

Pursuant to 10 CFR § 2.311(b) and (c), the State of Vermont (“State”), represented by the Vermont Department of Public Service, hereby submits to the U.S. Nuclear Regulatory Commission (“NRC”) the following notice of appeal of the Atomic Safety and Licensing Board’s (“ASLB”) May 18, 2015 Memorandum and Order (“Order”) denying the State’s February 9, 2015 Petition to Intervene and Hearing Request (“Petition”). The State contends that the ASLB erred denying the State’s Petition. The Board acted prematurely and in an arbitrary and capricious manner when it found that the State’s Contention One was moot in advance of the NRC’s reconsideration of Entergy’s related exemption request. It also erred in finding that the State’s Contention Two did not provide sufficient information to show that a genuine dispute exists with Entergy on a material issue of fact or law. Lastly, the ASLB should have properly found that a hearing right on the related exemption request was triggered pursuant to federal law and NRC precedent.

Respectfully submitted,

/Signed (electronically) by/

Aaron Kisicki
