Regarding your fee waiver response, please provide me with all documents describing your office's policy, manuals, staff instructions, etc., relating to how you make determinations on fee waiver requests. Consider this a new FOIA request if necessary.

I reserve the right to appeal your fee waiver denial. However, In the meantime, please proceed with fulfilling my request to the extent possible for ≤\$10 of search and duplication fees. I expect there to be no duplication fees, given that I have requested only electronic documents.

Sincerely,  
Sai

Also, please note that the IG Act §5(c), §8M(b)(1) mandates that the documents I requested be proactively made public, as does 5 USC 552(a)(1, 2).

Thank you for your response. I will address your fee denial later.

However, to be clear, I would like to point out that any responsive documents that are already available in full on your website for free to the public would fall under the exception I specified just under my list of requested documents.

Sincerely,  
Sai
