Subject: Correction to Proposed TS 3.1.6 Basis
Date: Thursday, June 11, 2015 1:50:32 PM

Hello Geoff,

Based on our telephone conversation, I would like to change the first paragraph of the proposed TS 3.1.6 Basis to: The nominal total rod worth is \$16.00 (SAR 4.5.3.2 and historic data). Subtracting the shutdown margin (\$0.50), the nominal rod worth of the most reactive rod (\$4.00), gives a result of \$11.50, which is well above the excess reactivity of \$7.85.

Thank you,
Jerry
