DISCLAIMER

This is an unofficial transcript of a meeting of the United States Nuclear Regulatory Commission held on August 22, 1995 in the Commission's office at One White Flint North, Rockville, Maryland. The meeting was open to public attendance and observation. This transcript has not been reviewed, corrected or edited, and it may contain inaccuracies.

The transcript is intended solely for general informational purposes. As provided by 10 CFR 9.103, it is not part of the formal or informal record of decision of the matters discussed. Expressions of opinion in this transcript do not necessarily reflect final determination or beliefs. No pleading or other paper may be filed with the Commission in any proceeding as the result of, or addressed to, any statement or argument contained herein, except as the Commission may authorize.

P R O C E E D I N G S

[11:08 a.m.]

CHAIRMAN JACKSON: Good morning, again. We now moving into an affirmation session. We have one item to come before us this morning. Before I ask the Acting Secretary to lead us through the item for affirmation, I would like to ask my fellow Commissioner if he has any comments he would like to make.

COMMISSIONER ROGERS: No.

CHAIRMAN JACKSON: If not, Dr. Bates, you may proceed.

MR. BATES: Thank you, Madame Chairman. The item this morning is SECY-95-203 in the matter of the Curators of the University of Missouri Licensee's Petition for Reconsideration.

The Commission is being asked to act on an order arising out of a request by the University of Missouri for the Commission to reconsider and clarify its decision in CLI-95-01 and CLI-95-08 that required the University's emergency plan to include a "Site Area Emergency" classification for certain accidents involving nuclear materials.

The order being issued today is approved by the Chairman, under delegated authority voted by the Commission as authorized by the NRC Reorganization Plan No. 1 of 1980.

1 This decision was made after consultation with Commissioner
2 Rogers.

3 The order denies the petition and makes clear that
4 a "Site Area Emergency" comes into play only when fires or
5 accidents involving nuclear materials may lead to
6 significant exposures at the site boundary.

7 It also directs the University to require
8 evacuation of all persons except emergency personnel to a
9 point at least 150 meters from the Alpha Lab whenever an
10 "Alert" is declared as a result of a fire involving the
11 TRUMP-S materials.

12 Chairman Jackson has stated her approval of the
13 order. Commissioner Rogers has also stated his agreement
14 with the order. Will you affirm your votes?

15 COMMISSIONER ROGERS: Aye.

16 CHAIRMAN JACKSON: Yes.

17 MR. BATES: I might note that the second item that
18 we had listed in the public announcement for the meeting is
19 being postponed and will perhaps be re-held next week.

20 CHAIRMAN JACKSON: Is there anything else to come
21 before us today?

22 MR. BATES: I have nothing else.

23 CHAIRMAN JACKSON: If not, we stand adjourned.

24 [Whereupon, at 11:10 a.m., the meeting was
25 concluded.]

CERTIFICATE

This is to certify that the attached description of a meeting of the U.S. Nuclear Regulatory Commission entitled:

TITLE OF MEETING: AFFIRMATION SESSION - PUBLIC MEETING

PLACE OF MEETING: Rockville, Maryland

DATE OF MEETING: Tuesday, August 22, 1995

was held as herein appears, is a true and accurate record of the meeting, and that this is the original transcript thereof taken stenographically by me, thereafter reduced to typewriting by me or under the direction of the court reporting company
