The only Radiologists who may sign Written Directives to administer I-131:

C. David Burtner

Frederick J. Gabriele

William L. Hirsch, Jr.

Jon S. LaPlante

John Anthony Leon

W. Parke Thrush

I understand that only radiologists who are listed on the NRC license as "35.200 oral administration of sodium iodide I-131" may authorize administration of oral I-131 therapies and sign the written directives.
