LISLE, IL 60532-4352

June 15, 2015

Mr. Jack Crawford
Radiation Safety Officer
University of Missouri
Environmental Health and Safety
8 Research Park Development Building
Columbia, MO 65211

SUBJECT: UNIVERSITY OF MISSOURI: VOIDING LICENSING ACTION REQUEST –
EXTENSION REQUEST FOR SUBMITTAL OF PICKARD HALL
DECOMMISSIONING PLAN PURSUANT TO 10 CFR 30.36 (MAIL CONTROL
NUMBER 584274)

Dear Mr. Crawford:

This letter refers to your letter dated July 1, 2014, (ML14190B310) requesting an extension to submit the Pickard Hall Decommissioning Plan. On August 28, 2014, the U.S. Nuclear Regulatory Commission (NRC) sent the licensee an acknowledgement letter (ML14241A650) stating the NRC had received the request. The NRC has continued to review licensee documentation associated with the request and had performed and documented a site visit on February 10, 2015, to gain additional information to support the request (ML15054A140).

On March 26, 2015, the NRC received documentation associated with the licensee's decommissioning plan of Pickard Hall (ML15106A640). As such, the need for an extension request has now been rendered mute and the NRC is voiding the requested licensing action.

If you have any questions concerning the decommissioning process or the requirements for the decommissioning of your facility, you may contact Michael LaFranzo of the Materials Control, ISFSI, and Decommissioning Branch at 630-829-9865.

In accordance with Title 10 of the *Code of Federal Regulations* (CFR) 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

J. Crawford
