ATTN: Document Control Desk Director,
Office of Nuclear Material Safety and Safeguards
U.S. Nuclear Regulatory Commission
Washington, DC 20555-0001

Subject: Source Materials License SUA-1534
Docket No. 40-8943
Monitor Well Excursion – SM10-18

Dear Document Control Desk Director:

On April 14, 2015 during routine biweekly water sampling of Cameco Resources, Crow Butte Operation (CBO) shallow monitor well SM10-18, the single parameter upper control limit (SCL) for chloride was exceeded as well as the multiple parameter upper control limit (MCL) for conductivity. As required by License Condition 11.5 of Source Materials License SUA-1534, a second sample was collected from SM10-18 within 48 hours and analyzed for the three excursion indicator parameters. The results of the second sample exceeded the SCL for chloride and MCL for conductivity.

In accordance with License Condition 11.5, CBO increased the sampling frequency for SM10-18 to weekly until three consecutive weekly samples were below the exceeded UCLs. CBO continued weekly sampling for an additional three weeks after the goal had been achieved as required by CBO's NDEQ Class III UIC Permit requirements

CBO has installed a gas powered pump jack on SM10-18 with a run time of approximately 6-8 hours. CBO believes this control measures will prevent the well from being over pumped in the future.

Weekly samples were obtained from April 21, 2015, to June 2, 2015. The samples collected on April 28, May 5, 12, 19, 26, and June 2, 2015, were below the excursion criteria described in

NH5501

CAMECO RESOURCES

Page 2

License Condition 11.5. Based on these results, CBO is removing SM10-18 from excursion status and is returning it to routine biweekly sampling. Attached are copies of the analytical data for each of the last six weekly samples and graphs for each parameter covering the period of November 11, 2014 through June 2, 2015.

If you have any questions or require any further information, please do not hesitate to call me at (308) 665-2215 ext 114.

Sincerely,
CAMECO RESOURCES
CROW BUTTE OPERATION
