SUBJECT: CLOSURE OF INVESTIGATION (OI 4-2014-005)

Dear Mr. Mulligan:

This refers to an investigation conducted by the NRC's Office of Investigations regarding activities at Grand Gulf Nuclear Station. The Office of Investigations initiated the investigation to determine whether a former security operations supervisor at Entergy Operations, Inc.'s Grand Gulf Nuclear Station willfully falsified information on a fatigue assessment form, in an attempt to have a security officer sign the form, and also to determine if Entergy Operations, Inc.'s employees willfully provided incomplete and inaccurate information in response to an NRC request for information.

Based on the evidence developed during the investigation, the allegation that a security operations supervisor at Grand Gulf Nuclear Station willfully falsified information on fatigue assessment forms was not substantiated.

Based on the evidence developed during this investigation, the allegation that Entergy Operations, Inc.'s employees at Grand Gulf Nuclear Station willfully provided incomplete and inaccurate information in response to an NRC request for information was not substantiated. The NRC plans no further action related to the willful aspects of these allegations and considers this investigation closed.

You should note that final NRC documents may be made available to the public under the Freedom of Information Act subject to redaction of information pursuant to the Freedom of Information Act. Requests under the Freedom of Information Act should be made in accordance with 10 CFR 9.23, Requests for Records. Information is accessible from the NRC's website at <http://www.nrc.gov/reading-rm/foia/foia-request.html#how>.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter will be made available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC website at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,
