Re: Notice of Discovery of Lost Assets of the U.S. Nuclear Regulatory Commission

Dear Chairman Burns:

I am an attorney licensed to practice law by the State Bar of California. For the past 35 years I have provided legal counsel and services to hundreds of individuals and businesses. I am also the founder of Secure Recovery, LLC. Secure Recovery provides asset recovery consulting services to the owners of lost and abandoned assets.

During the course of our ongoing research efforts, Secure Recovery has identified significant lost assets which our research indicates is the property of the U.S. Nuclear Regulatory Commission. These lost assets consist of publicly shares of stock and related cash dividends having a current market value of \$289,975.00.

We respectfully request that you retain our consulting services in this matter. Our asset recovery consulting fee is ten percent (10%) of the amounts we actually recover on your behalf. Secure Recovery pays all costs, with no risk or obligation for you.
