Calimar,

Here are the Part Numbers:

Ortho TIMON: 8704100
TIMON: 8276300

Does this look like the only thing you need?

Best Regards,
Doug

Good Morning Doug,

For completeness purposes, can Bruker Detection provide us with the Part Numbers of the TIMON and OrthoTIMON devices?

Thank you,

Reference your letter dated May 29, 2015

Gentlemen,

In item 2 of your request, you state the following: "Please provide an engineering drawing that shows the cross sectional view of the "measuring tube" shown in Drawing Number "OR 0100 G 003" in Attachment E of your amendment request. The drawing can be similar to the drawing of the IMS detection cell included in Attachment 4 of your current Registration Certificate NR-1101-D-102-E and should include dimensions and tolerances."

I just want to ensure the attached drawing meets your approval before we send the package. Please advise.

Thanks so much for your help.
