**Additional Information**

**Mr. Torres:**

In response to your letter dated June 22, 2015:

1. The change in the company name from Voith Paper Fabrics Shreveport, Inc. to Voith Paper Fabric & Roll Systems, Inc. was a merger of Voith Paper Fabrics Shreveport, Inc. into Voith Paper Fabric & Roll Systems, Inc. There was no change of control, ownership, or personnel. A copy of the merger document, along with the NRC name change form, is attached.

2. A. We will have access to and use a radiation survey meter that can detect alpha particles in the event of an incident.

B. Physical inventories will be conducted at intervals not to exceed 6 months to account for all sealed sources and devices received and possessed under the license.

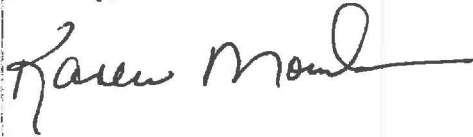

C. We will maintain, for inspection by NRC, documentation demonstrating that unmonitored individuals are not likely to receive a radiation dose in excess of 10% of the allowable limits in 10 CFR Part 20.

D. Leak tests will be performed at intervals approved by the NRC or an Agreement State and specified in the Sealed Source and Device Registration Sheet. Leak tests will be performed by an organization authorized by NRC or an Agreement State to provide leak testing services for other licensees or using a leak test kit supplied by an organization authorized by NRC or an Agreement State to provide leak test kits to other licensees and according to the kit supplier's instructions.

Please advise if this documentation and commitments are sufficient, or if additional information is required.

Thank you for your help.

Sincerely,

A handwritten signature in black ink, appearing to read "Karen Moushon". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
