SUBJECT: Addendum to the Response to Violations Letter of June 8, 2015

Dear Dr. Katanic:

As a further response to violation B regarding recurrent training, ISU has added the following statement to RPR-14ISU3 for driver signature:

And my training was completed within the past 3 years.

The Radiation Safety Committee (RSC) approved this addition at the June 23rd meeting. We have also added a 3 year reminder for USDOT and 2 Year reminder for IATA training into our HPAssist computer program.

Regarding violation A: the Radiation Safety Committee voted to revise the meeting schedule from four times per year to at least quarterly, per the original wording.

Please contact me at 208-282-3134 if you have any questions or need further information.

Sincerely,

Cornelis J. Van der Schyf
Vice President for Research and Dean of the Graduate School
