Subject: [External_Sender] RE: Final Draft Version of Point Beach LAR for revision of the completion date of Milestone 8 of the Cyber Security Plan Implementation Schedule - MF4488/89

NextEra Energy Point Beach, LLC has completed review of the draft Safety Evaluation (SE) and has no comments or suggested revisions. Further, the SE does not contain any security-related information that requires withholding from public disclosure.

If you have any questions or wish to discuss this matter further, please let me know.

This is an EXTERNAL email. Exercise caution. DO NOT open attachments or click links from unknown senders or unexpected email.

THE ATTACHMENT MAY CONTAIN SECURITY-RELATED INFORMATION AND SHOULD BE PROCESSED ACCORDINGLY.

Please see the attached copy of the Final Draft Safety Evaluation (SE) for the subject License Amendment Request (LAR) to revise the completion date of Milestone 8 of the Cyber Security Plan Implementation schedule. ***The draft version is being resent to you since there were few changes added to the file as a result of the staff review. The changes are marked in red color for your convenience.***

The LAR was submitted by NextEra Energy Point Beach, LLC (NextEra)(the licensee) on July 18, 2014 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML14202A574). Enclosure 1 of this submittal contains security-related information to be withheld under 10CFR 2.390. The subject application was supplemented by a letter dated November 7, 2014 (ADAMS Accession No. ML14314A188), which provided Enclosure 4 to the LAR (redacted version of Enclosure 1), that can be made available to public. The NRC staff does not consider all the information in Enclosure 1 to be security-related and therefore some of this information from Enclosure 1 is likely to be included in the final staff SE, which will be publically available. Please review the final Draft SE and confirm by e-mail that you agree with the NRC staff's determination and none of the information contained in the attached Draft SE is security-related information.
