Subject: [External_Sender] FPLs plans for Turkey Point

To Whom it May Concern:

I am writing to publicly comment on the plans for new nuclear reactors in Turkey Point. My family and I live in Miami, and we have several properties in the area. I am also an Environmental Scientist. After reading about the plans, I am completely against any new nuclear power in south Florida and hope the NRC will prevent FPL from going through with their plans.

Sincerely,
Theresa Pinto
