## **STATEMENT OF VIOLATION**

NRC letter, Point Beach Nuclear Plant, Units 1 and 2 – NRC Inspection Report 05000266/2014403; 05000301/2014403, dated October 23, 2014 (ML14297A487) identified the following violation:

### **VIOLATION OF MILESTONE 4**

*The licensee identified a violation of very low safety significance (Green) of the CSP for NextEra Nuclear, Section 2.2, "Performance Requirements," Paragraph 2.2.6, which require the licensee to implement security controls to protect the identified assets from cyber-attacks. Contrary to the above, the licensee failed to implement the NEI 08-09, Revision 6, Section D 1.19 technical cyber security control requirements to address potential attacks promulgated by the use of PMMD, and portable equipment that could potentially result in cyber tampering of CDAs that could adversely impact the functionality of CDAs.*

### **VIOLATION OF MILESTONE 4 NEXTERA ENERGY POINT BEACH RESPONSE**

#### **1. Method of Achieve Compliance**

NextEra Energy Point Beach has implemented controls in accordance with the NEI 08-09, Revision 6, Section D 1.19 technical cyber security control requirements via installation of a transfer station. Implementation of this equipment was completed on April 30, 2015.

#### **2. Date When Full Compliance Was Achieved**

Full compliance for the violation associated with Milestone 4, as documented in NRC Inspection Report 05000266/2014403; 05000301/2014403, dated October 23, 2014, was achieved on April 30, 2015.
