Attachments: NRC Split Samples update 7-14-15.xlsx

Hi Gene-

I saw what you are talking about and you are correct, there was an error in the file I sent you originally. My apologies for not looking at it closer before I sent it to you.

I have attached the corrected file. The calculated U-234 values have been updated. Please let me know if this answers your question, or if you have any other questions. Thanks.

Subject: Inferred U-234

Can someone call me ASAP (i.e., today?), to discuss how you calculated the subject isotope in samples: L10-11-18-B-R-B-00 and L10-11-18-B-R-B-00...

Thanks!

Gene
