Our ref: LTR-LCPT-15-18

Subject: Docket 71-9292, License Renewal Application - Certificate  
of Compliance No. USA/9292/AF-85 for Model No. PATRIOT

July 14, 2015

References: (1) Certificate of Compliance USA/9292/AF-85, Rev 6

Dear Director,

In accordance with 10 CFR 71.38, Renewal of certificate of compliance or quality assurance program approval, Westinghouse Electric Company hereby files an application for renewal of existing Certificate of Compliance number 9292, revision 6, that expires August 31, 2015 [Ref. 1]. Supplement dated April 22, 2010 to certificate revision 6 provided a consolidated application Safety Analysis Report revision 5. There are no changes to the package approval that are not already consolidated in the application and authorized in the existing certificate.

Westinghouse has a quality assurance program, approved by the Commission, which satisfies the provisions of subpart H (Quality Assurance) of Part 71. Further, Westinghouse complies with the terms and conditions of the applicable requirements of subparts A (General Provisions), G (Operating Controls and Procedures), and H (Quality Assurance) of Part 71.

One copy of the amendment application letter is submitted electronically via EIE system and emailed to the prior Project Manager, Pierre Saverot. The approved Safety Analysis Report revision 5 is available upon request. Should you have any questions, or require additional information, please contact me either by telephone at (301)931-5301 or by email at sloma1t@westinghouse.com (please note the update in email address), or contact the Nuclear Fuel Transport Director, Wes Stilwell, directly at (803)647-3438 or by email at stilwewe@westinghouse.com.

Best regards,

\*
