Dear Dr. Hazlett:

This refers to the letter dated May 26, 2015 notifying the NRC of the transfer of ownership and control of NRC License 13-12367-01 issued to Clark Memorial Hospital. Based on the information submitted, the NRC consents to the transfer as described.

Please provide confirmation in writing within 30 days after the transfer of ownership and control is completed. Also, please request an amendment, if needed, to reflect any changes to the license, for example a change in the name of the licensee.

The NRC's Safety Culture Policy Statement became effective in June 2011. While a policy statement and not a regulation, it sets forth the agency's *expectations* for individuals and organizations to establish and maintain a positive safety culture. You can access the policy statement and supporting material that may benefit your organization on NRC's safety culture Web site at <http://www.nrc.gov/about-nrc/regulatory/enforcement/safety-culture.html>. We strongly encourage you to review this material and adapt it to your particular needs in order to develop and maintain a positive safety culture as you engage in NRC-regulated activities.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosures will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Please contact me at 630-829-9862 if you have any questions or require clarification of the information above.

Sincerely,
