## General Comment

You are INSANE to build more nuclear power plants!! Don't you know that the radiation monitors in Florida for EPA have been long since TURNED OFF to conceal from the people of Florida how they are already impacted from the wind currents coming in from Fukushima? Shame on you for even considering this. You're a public menace and this needs to STOP! Oh, but what YOU are doing will be "safe"? Get real! Stop these plans right now!!
