Re: Amendment for transport package F431, certificate USA/9310/B(U)-96

Dear Ms. Garcia,

As requested, please find enclosed an un-redacted copy of document IN/TR 1913 F431 (2), "F-431 Transport Package Safety Analysis Report". The document is considered commercial confidential information and we are requesting that it be withheld from public disclosure. Attached is an affidavit supporting that request.

Please don't hesitate to contact me should you have any questions.

Sincerely,

Richard Wassenaar, PhD, MCCPM
Director of Compliance and RSO

448801

Affidavit In Support of Withholding Information from Public Disclosure Request

I, Richard Wassenaar, the undersigned, being duly sworn, hereby make the following statements in conformance with the provisions 10 CFR 2.390:

- 1) I am over the age of 18 and am a resident of Ottawa, Ontario, Canada. I have personal knowledge of the facts herein and I suffer no legal disabilities.
- 2) I am Director of Compliance for Best Theratronics Ltd and in this role I am authorized to review the information provided and make these statements.
- 3) Best Theratronics is providing to the USNRC documents relating to a revision for a certificate of compliance for radioactive material package.
- 4) The following document is being provided and should be withheld from public disclosure in its entirety, including all associated documents attached as Appendices:

Document:

IN/TR 1913 F431 (2) "F431 Transport Package Safety Analysis Report"

- 5) The basis for this withholding request is that the information contained with the document is proprietary and commercial confidential. The document and the associated appendices provide in-depth engineering and manufacturing information pertaining to the transport package used exclusively by Best Theratronics.
- 6) The documents are held by Best Theratronics as commercially confidential and Best Theratronics has not released them to the public. The documents are not available through public means. The documents are only provided to Best Theratronics' sub-contracts and regulators on an as-needed basis.
- 7) Release of the documents to the public could result in commercial harm to Best Theratronics for the following reasons:
 - a. Best Theratronics has spent considerable funding on developing the product, and
 - b. public release of the information would provide competitors inside knowledge to Best Theratronics' products.

I declare, that to the best of my knowledge and belief, the information herein is true, correct and complete

Richard Wassenaar, PhD, MCCPM
