Subject: RSO Training

The licensee's documentation of the proposed RSO did not meet the requirement to be RSO on a gauge license (he had the training for fixed gauges). I called the licensee to verify if the individual has had any training in managing a portable gauge program. The RSO stated that he will send the requested information soon.

6/24: After receiving no response, I called Steve again on June 24, 2015, and reminded him to send the requested documentation soon. He stated that he has not had the requested training and will be getting the training in the near future. I asked him to provide me with a specific date by which he expects to complete the training, but he could not provide the date. I asked him if Jeremy Walls (current RSO) was still with the company. He confirmed that he was still employed with the company. I suggested that we can void this request and he can send a new request after he has completed the required training. He agreed to the suggestion.

Action Required: Void the request.
